This class provides an analysis of the greatest premeditated atrocity in Western history – the murder of nearly six million European Jews from 1939-1945. It will approach this event chronologically and geographically but also from a variety of perspectives --from that of the killers, from that of the victims, and from that of the so-called bystanders. We will also examine major historical arguments concerning the Holocaust's most critical aspects. Students will attain a factual command of the major developments of the Holocaust within the context of Jewish, European, and World History and gain an introductory knowledge of differing historiographical explanations.

There is substantial reading, speaking and writing in this class. Commitment from you will be worth your while. Your grade will be determined as follows:

Discussions and Response Papers -- 40%.

There are fourteen discussion days in this course, all on Fridays (see below for your section). For thirteen of them you will have to write a **300-word** (typed, double-spaced) response to a question based on the reading, the question given in advance under "Assignments" on Canvas. Your grade will be determined by the quality of your papers: the degree to which they are polished (no misspellings, good grammar, etc.); the degree to which they **engage the readings with an example or two**; and the degree to which you **participate** in discussion. Response papers must be uploaded to Canvas by noon on Friday. Late papers will not be accepted. An unexcused absence from discussion with or without a response paper will result in zero for that discussion. I will drop the lowest weekly Discussion/Response grade, so use it wisely.

Midterm Examination -- 30%.

The Midterm Exam is on February 13, from 6-8 PM, room TBA. It cannot be made up save for extreme circumstances. The exam will be made up of identification questions and essays. Possible essay questions will be distributed ten days in advance.

Final Examination -- 30%.

The Final Exam is on April 27 from 12:30-3:30 pm. It cannot be made up save for extreme circumstances. The exam will be made up of identification questions and essays. Possible essay questions will be distributed ten days in advance.

The Numerical Grading Scale is as follows:

C+	77-79	C	73-76	C-	70-72
D+	68-69	D	63-67	D-	60-62
